

RAILROADS IN VERY BAD SHAPE

Situation on the Coast is Practically Unchanged as Regards Washouts.

SAN PEDRO IS OPTIMISTIC.

Reports no Change in Conditions on That Line and Hopes to Open by April 1.

Los Angeles, Cal., March 22.—The railroad situation between here and San Francisco is practically unchanged from yesterday. The Santa Fe and Southern Pacific, by a combination of tracks, are able to get trains through the San Joaquin valley. The Santa Fe is running all trains regularly, although their line is still washed out at Stockton. At this point the Santa Fe is using the Southern Pacific tracks between Oakland and Colton. The Southern Pacific is keeping both of its regular valley trains running by detouring over the Santa Fe between Mojave and Colton. The coast line is open as far as San Luis Obispo from Los Angeles. It is not expected that the damage at the Santa Margarita tunnel will be repaired short of several days. It was hoped to open the valley line by this evening, but rain is falling again so that the coast line is still closed. The Santa Fe reports no change in conditions on that line. It may be open shortly after April 1. If no further damage occurs, the eastern line will be open. The indications are for more rain here.

TRAFFIC DEMORALIZED.

One Lone Ship Train Leaves Ogden This Afternoon Over U. P.
Ogden, Utah, March 22.—Nothing more than a stub train carrying passengers is to leave Ogden over the Union Pacific this afternoon. Railroad traffic in every direction is demoralized. The Southern Pacific has scheduled a train from Sacramento to arrive late this evening without eastern connection and no attempt is made to run regular trains.

SPIKE AND RAIL.

The westbound train over the Rio Grande continues to run in several sections daily, on account of the heavy column travel.

Broken rails wrecked a freight at Picher, Ida., yesterday, delaying travel five hours. Several cars of merchandise were destroyed.

A washout in Silver Creek canyon, east of Park City, delayed travel on the Park City line of the Rio Grande, 120 feet of track going by the board.

Two hundred cars of rock have been dumped in the last day or two, at the western end of the Luch cut-off to repair damage done there by the recent heavy storm.

At the San Pedro offices this noon, the officials said the reported damage from water within the last 24 hours was much exaggerated, and that the through line will be reopened March 29, as originally proposed.

News reached this city this morning of a washout on the Shasta Route in northern California, making it necessary to send Portland-southern California passengers around by the way of Ogden. It is said travel is likely to be blocked for a week.

D. S. Lowrie, freight and ticket agent at Pocatello, S. A. Stoker, manager of telegraph, and S. A. Newton, ticket agent for the Short Line at the Gate City, are in Salt Lake today. The gentlemen were subpoenaed as witnesses in the case of Young Stewart, who was bound over to the district court this morning on the charge of obtaining money and transportation under false pretenses.

The Savage Opera special over the Union Pacific road reached Denver 30 minutes ahead of the scheduled time, at 6:12 p. m., yesterday, so that the unexpected feat was accomplished of giving a performance in Salt Lake on Monday evening, and on the following evening in Denver, 425 miles distant. The train, consisting of the engine and seven cars, left Salt Lake at 10:15 o'clock Wednesday night, reached Ogden at 11:44 p. m., Green River at 5:45 a. m., Rawlins at 10:32, Laramie at 1:42 p. m., Cheyenne at 5:10, and Denver at 6:12, making the entire run in 19 hours and 10 minutes.

Stockholders of Utah Implement Company Conclude to Go Out of Business.

The stockholders of the Utah Implement company held an important meeting this afternoon at the company's offices to decide whether to continue in business, to liquidate or to dispose of the company's property in such ways as might seem necessary and best.

Twenty-eight stockholders were present, representing about 80 per cent of the stock. Frank Mitchell, of the Mitchell-Wagon company of Racine, Wis., represented the company.

senting M. B. Whitney and voting his stock. The directors thought best to view the condition of affairs, and authorize Manager John C. Critchlow to dispose of the business of the company as he best judgment would suggest, thus winding up the affairs of the present organization. The capital stock amounts to \$250,000, the liabilities are put at \$200,000, and the value of the inventoryed stock is placed at \$300,000. As the concern owns the land on which its building stands, it is believed that the outcome will not be so disadvantageous for the stockholders. Manager Critchlow stated after the meeting that he had several ladies already for the business of the Utah Implement company, so the chances were good that he would be able to dispose of the business of the company as usual, and it would go right on.
The trouble began last fall when dissatisfied stockholders applied for a receiver, which resulted in the appointment of John C. Critchlow as manager. As he was also a member of the legislature, his hands have been pretty full, but he has been able to manage the business of the company as usual, and it would go right on.

E. J. YARD CRITICALLY ILL.

Chief Engineer of Denver & Rio Grande at St. Mark's Hospital.

E. J. Yard, chief engineer of the Denver and Rio Grande system, and also connected with the Western Pacific, is very ill at St. Mark's hospital, suffering from pneumonia. His wife, who was in Denver, was sent for, and she is hastening to her husband's bedside, accompanied by one of the best physicians in the west. Dr. O'Connor of the Rio Grande is considered to be extremely critical, the hope is held out that he will recover.

OPERATOR HELD.

B. B. Stewart Must Stand Trial on Charge of Faking Dispatch.

B. B. Stewart, formerly an operator for the Oregon Short Line at Syracuse was given a preliminary hearing before Justice of the Peace Dana T. Smith this morning on the charge of forgery and was held to answer to the accusation in the district court.

It is alleged that Stewart sent a dispatch to the local offices of the Oregon Short Line and signed the name of "Lowry," the agent at Pocatello, asking that he be furnished with a ticket from Salt Lake to Pocatello and that he be given \$25. It is alleged that Stewart secured the ticket and money and was on his way to Pocatello when arrested at Brigham City, Utah, on the charge of forgery. He was taken to Salt Lake, where he was held to answer to the accusation in the district court.

SOLDIERS ARRAIGNED.

Men Accused of Brutal Holdup Plead Not Guilty in Court.

Mike McCabe and William J. O'Leary were arraigned before Judge Armstrong of the criminal division of the district court today upon the charge of robbery and entered pleas of not guilty. Their case was set for trial on next Monday. The men are soldiers from Ft. Douglas and are charged with robbing Harold Bertram on the night of Feb. 27 of \$75. They are represented by Atty. Hamer & Buckle.

GALE BLOWS BIG GUNS.

Wind Reaches the Velocity of 40 Miles An Hour at MoCena.

The wind blew 40 miles an hour down at Modena yesterday, but it was a dry wind. The wind also blew pretty strong last night in this city, and it was raw and cold this morning. A low barometric area is spread over the entire United States today, so that the outlook is for unsettled weather tonight and tomorrow. At Saltair the violence of the blasts tore considerable tin and shingling from the roofs of the pavilion, and blew around fixtures that were exposed, but otherwise did no particular damage. The water was blown up the lake away from the south shore, which accounts for the high water in the upper part of the lake.

Washington, March 22.—Funeral services for Brig. Gen. Wm. U. S. A., who died yesterday in Philadelphia, will be held Monday at Arlington National cemetery, where the burial will take place.

JULIET CROSBY DEAD.

San Francisco, March 22.—Mrs. Fred Belasco, wife of the senior partner of the Alcazar theater and known on the stage under the name of Juliet Crosby, died suddenly at 3 o'clock this morning and an hour later M. L. May, Mr. Belasco's partner died of the shock.

MICH. CENTRAL TRAIN STRIKES STREETCAR.

Detroit, March 22.—Two persons were fatally injured and nine others hurt today when a street car was struck at the Fourteenth Avenue crossing by a Michigan Central railway train.

The fatally injured: James C. Smith, aged 55, Detroit; Miss Charlotte Martin, Mason City, Mich.

There were 22 passengers upon the car, a majority of them working girls. The car got past the gates before the train was sighted. The view was obstructed and the engineer did not see the street car until within 75 feet of it. He was unable to stop the train and the engine struck the car in the middle, splitting it in two and hurling the wreckage a distance of 50 feet. A few of the passengers jumped and escaped injury. Others were thrown into a heap among the wreckage. Engineer Smith was taken from the wreck with his skull fractured and other injuries. His head which was injured internally. The others sustained cuts and bruises.

THE PRISON OF ABE RUEF

Former Home of Mayor Schmitz Is Tendered as a Place Of Detention.

THE BOODLING SUPERVISORS.

District Attorney's Office Doesn't Know Just What to do With Them At Present.

San Francisco, March 22.—Fate may decide that the former home of Mayor Schmitz will become the prison of Abraham Ruef. It is located at 2839 Fillmore street and has been offered to Ellmer Bigby and Detective Burns as a place of detention for the political boss during his trial which is expected to extend over many months. No house has as yet been decided upon, but this residence is receiving favorable consideration. It contains 11 rooms and may be occupied in whole or in part.

Ellmer Bigby will have a conference with Judge Dunne today or tomorrow at which time it will be decided what will be done with Ruef, in view of the fact that the prosecution does not trust either the police or sheriff's office.

One of the principal questions now being forced on the attention of the district attorney's office is what is to be done with the alleged boodling supervisors. No definite action has been decided upon, except that for the present no immediate steps to remove them from office will be taken.

Ass. Atty. Gen. Henry said today that he had nothing to do with the matter, his work being confined to pursuing the prosecutions. Langdon, when asked about this said: "Nothing positive can be stated at present with reference to the tenure of office of the supervisors. We are deep in an investigation now which leads to a great many important persons, and the whole thing is being handled in a very careful manner. In due time our attention will be directed to the members of the board. In the meantime the public must leave us to do what we deem wise and best which, in view of the circumstances is known to us alone."

The grand jury will reconvene at 11 o'clock tomorrow morning to resume the investigation of the alleged boodling. It has been expected that a few minor indictments may be returned tomorrow in this connection, but Detective Burns says that it is improbable that any more indictments will be handed in this week.

Detective Burns yesterday carried transportation to Manila for T. V. Hall, the indicted telephone agent, who will leave today for his home in the steamer America Maru, in charge of Chief Townbridge of the Insular secret service. Mayor Schmitz denied the charge that he was the father of Ruef, who was indicted today. Abraham Ruef was indicted today on the charge of acting as a bribe agent for the city of San Francisco. He is closely guarded by Ellmer Bigby and a force of detectives.

PATRICK C. HOUN.

President of United Railways to Return to San Francisco Very Soon.

New York, March 22.—Patrick Calhoun, president of the United Railways, San Francisco, said today that it was his intention to go to San Francisco in the near future. He said he had planned to go to the city for some time, but he had been delayed by business matters. He is now in New York, and he expects to leave for San Francisco in the near future.

TOFFEE

the English favorite confection is coming into deserved popularity in the Americanized form.

SWEET'S LONDON BUTTER TOFFEE

is the foremost American production from an Old English Recipe and the use of the highest grade materials available. The result is a candy that surpasses in purity and deliciousness anything imported from the Old World. It is the Modern Toffee with indisputable SWEET QUALITY.

Sweet's London Butter Toffee is put up in small pieces, about an inch square, each one in separate wrapper. A generous box for 10c.

Obtainable in nearly every store in town.

Bank Clearings—Today's local bank clearings amounted to \$871,343.15 as against \$628,270.78 for the same day last year.

Forest Dale Lots Sold—George M. Cannon company today sold three lots in block 12, Forest Dale, to Edward Lederman.

E. B. Jones Due Home April 10—Managing Director E. B. Jones of the Independent Telephone company is scheduled to return to Salt Lake April 10.

Preparing Some "Tossers"—The committee of county superintendents of schools appointed for that purpose met today in County Supt. of Schools Smith's office and prepared uniform questions for the eighth grade examinations throughout the state.

Will "Try It On the Dog"—The University Dramatic association will present their play, "Mr. Bob," at the amusement hall in Morgan, Utah, next Friday or Saturday night. The exact night has not yet been decided upon, owing to some failure in communication, but it will be one of the two last nights of next week.

The seventh legislature has been singularly fortunate in securing good officials. The officers of the house have been at all times accommodating and courteous. Mr. A. L. Toone, the docket clerk, has been the mainstay of the third house, and his well kept docket and bustling good nature have made him boss of friends. Mr. Toone's arrangement and segregation of live and dead bills is perhaps the best work of the kind gotten up in this state, and affords a ready and convenient reference.

Pro and Con.
Water has not touched Mrs. Patti's face for seventeen years. She holds that water makes wrinkles, and for her smooth skin thanks the cold cream with which alone her facial ablutions are performed.

Booth Tarkington, whose hair is unusually thick, thinks that strong, rich food—plenty of meat three times a day—gives vigor to the scalp.

George Bernard Shaw imitates his fine and beautiful gray hair to his vegetarian diet. Vegetables, he holds, keep the hair in a glossy and superb condition.
